

SOME FACTS.

MR. ELGIN HURLBERT,
Campbell, Cal.

MOUNTAIN VIEW, CAL., Feb. 22, 1906.

DEAR SIR:

I have just read some of the proceedings of your "Opposition Meeting" held in your town to discuss the matter of incorporation, etc.

The arguments of Mr. R. F. Robertson based upon his experience as an official (formerly) of Los Gatos seems to me to be a little peculiar. If the town of which he was a prominent official did not grow in population, what was the reason. Was official management under incorporation responsible? Mountain View began with a population of 700, and an assessed valuation of less than \$300,000.00 a little over three years ago. She has steadily prospered under corporate management, and we have neither a present or ex-official that does not attribute the advance and prosperity of Mountain View to incorporation. Of course we had citizens—many of them prominent and well-to-do, who opposed incorporation at first, but results have changed their minds, and we hear of no "knockers" now. Our assessment roll foots up more than a half million dollars, and our town taxes are but \$1.00 on the hundred—including Water Bond Redemption and Interest Fund, 45cts, Library Fund 5cts, and General Fund 55cts. No poll tax, but we have business licenses for revenue and protection to our local dealers—who seem perfectly satisfied with the arrangement. Our population is now near 1500, and increasing regularly. Our water system is now paying expenses—including interest on water bonds, and insurance has been reduced 20 per cent by reason of our water facilities to prevent and extinguish fires. Our streets are kept in better condition than when the county had charge of them because the whole of the 40cts on the \$100 (that used to go to the county) is now put on our streets. Drainage and sidewalks are being laid at a speedy rate because we have system, method and uniformity in their construction.

Our citizens endeavor to, and generally succeed, in electing capable and reliable men to office in the town, and by them a guardian's care is exercised. There is no doubt about it,—Mountain View owes her present prosperity and advancement to the virtues of incorporation.

Saloons do pay considerable license tax, but this enables us to put a low valuation on property for assessment purposes. For illustration, we place a valuation on property of \$40 a front foot that sells for \$200. If we had no saloons, a reasonable valuation of property at present rate would give us an amount equivalent to the income from the saloon licenses.

I am, very respectfully,

B. E. BURNS,
President Board of Trustees.

MOUNTAIN VIEW AND INCORPORATION.

Just before Mountain View incorporated the Board of Trade issued a circular giving reasons why their town should vote for incorporation. As the arguments there would apply the same for Campbell, we reproduce the same for the voters' consideration:

The Mountain View Board of Trade, composed of a majority of the business men of our town, has expressed itself in favor of incorporation. Why has it expressed itself in favor of incorporation? Because it has made a careful study of the subject and has found that incorporation would be beneficial. Now let us ask you a good, straight, plain question? Have you investigated the matter carefully, or have you made up your mind to vote against it from information gathered from prejudiced sources, or from those who are opposed to it? In order that you may not be left in ignorance of the facts we propose to meet the arguments made against it and show by common sense arguments how perfectly absurd are some of the statements made.

First—Perhaps you have been told that you would be obliged to lay stone sidewalks in front of your property in the near future. This is not so and the statement is almost too ridiculous to need a reply, but as some property owners evidently believe it, we brand this as misstatement No. 1. It would be years before stone sidewalks would have to be laid in other than the business section. For further evidence look at your surrounding towns of Santa Clara, Palo Alto, Los Gatos, San Mateo. They have not been obliged to do so—then why should we?

Second—You may have been told that sewers would be built within a few months at a great expense to your property. This is misstatement No. 2. Sewers will eventually be built but it cannot all be done in a moment, and before a dollar could be assessed or expended for this purpose a special election must be held and then only upon a two-thirds majority can bonds be issued.

Third—You may have been told that your taxes would be raised to a very high figure. This is misstatement No. 3. The law provides that a town tax cannot be made to exceed 75 cents on the \$100 valuation, (including the 40 cents which you already have to pay to the road fund—Ed.), which means that your taxes could not be raised more than 35 cents per \$100 higher than they now are. Stop just a moment and think how this would affect you. If you are assessed now for \$500 your increase at the most would be only \$1.75 per year. If you are assessed now for \$1,000 your increase at the most would be only \$3.50 per year.

Fourth—You have been told that the trustees could raise taxes as high as they saw fit. This is absolutely false and is misstatement No. 4. The trustees have no power to levy taxes for sidewalks, sewers, water or other special purpose without first putting it to a vote of the people, who must carry it by a two to one vote.

An intelligent voter will, before making up his mind, investigate the matter thoroughly and when irresponsible statements are made to him by those against incorporation, will demand proof of such statements. To the small property owner incorporation would be of immense benefit, for it means that property values would improve and taxes remain reasonable.

Now did the claims of the Mountain View Board of Trade come true? Assuredly so, and more than they had claimed. After three years of incorporation we find the town has nearly trebled in population—100 houses having been erected there within the past year or more. True the Board of Trade secured a large publishing concern which brought many people, by donating 5 acres of land, but this establishment came as the result of enterprise on the part of the Mountain View people, who have a standing offer of \$2000 to additional concerns that will locate there. A pitty Campbell people can't emulate that kind of public spiritedness, instead of jumping onto everything in the shape of progression.

The town has a splendid water system that gives a pressure for fire purposes that excels San Jose's; their streets are much better kept than previously at less than the 40 cent road tax; there is better police service; saloons were immediately reduced from some 15 to 7, with every indication that before long they will follow in the footsteps of Mayfield and Palo Alto and banish them entirely. The town is well lighted by electric lights *without bonding for a penny* to pay for them, by getting the electricity at wholesale from the lighting company. From every point of view incorporation has helped the town greatly, and all it has cost them extra in increased taxes is 40 cents on each \$100 of valuation, which amount includes 25 cents for water works bonds and 5 cents for a public library. The water works are now self-supporting as is the case with Santa Clara and Palo Alto and will place a handsome sum in the treasury from now on.

THAT OPPOSITION MEETING.

The meeting Wednesday evening in opposition to incorporation will no doubt help the cause of incorporation on account of the utter failure of Dick Robertson to "make good" on his arguments in opposition to incorporation. Even the chief "opposers" feel chagrined at the spectacle he made of himself, they at one time attempting to stop him by clapping him down, but Dick's egotism kept him from seeing the point and he went on with another long and tedious story, much to their disgust. Before starting out in his speech he failed to tell his hearers that he was not now city attorney of either Los Gatos or Mayfield, which may account for his present attitude on the matter, and that a short time ago he was deeply interested in Mayfield becoming incorporated and that town was but a trifle larger in population and no larger in assessed valuation than we now are, when it incorporated. That town has built 70 houses the past year or more.

Of course Robertson was brought here to scare the people on high taxes and he attempted in a rambling manner to do it, but when pinned down by questions had to admit that it was not as bad as he had painted it—he was simply there to kill incorporation and if he shot a little wide of the truth what mattered it if his audience didn't know it. For instance, he started out by saying that if we incorporated our taxes would be three per cent., not telling them it counted State, county and town rate—in case we bonded for water works, electric light plant, sewers, etc., which any half witted man knows would not nor could not be voted at the present time and probably not for some years to come, with one possible exception. Now he had to admit that the present tax of Los Gatos was \$1.12 on the \$100 valuation and adding to that their county and State tax of \$1.10, makes a total rate of \$2.22 for all purposes. If Los Gatos was not incorporated the county and State would be \$1.64 (the rate last year), so all the increase taxes caused by incorporation is the difference between \$1.64 and \$2.22, or 58 cents on the \$100. This he says is the highest rate the town has had in its history of 18 years. Now there is some special reason for the rate being even 58 cents (which by the way is really a low rate) and it is the fact that the voters, by a practically unanimous vote passed bonds of \$20,000 for that magnificent stone bridge and \$4000 for sewers, which requires 25 cents of the 58 cents, as he admits. That is not all; the new Carnegie library takes another 12 cents from the 58 cents, which he also admits, thus leaving as a fact only 21 cents per \$100 which it costs to maintain the city government, outside of the roads which are easily kept up by the 40 cent road tax—already included in the \$1.12 first above mentioned. Now to a fair minded voter it would appear that if Los Gatos can manage its affairs on a 21 cent extra tax (outside of those special causes,) it stands to reason that the town of Campbell can be run on at least the 35 cents allowed by law. So his talk about high taxes is all buncombe.

Mr. Robertson also made the rash statement that Los Gatos has not grown any in the 18 years, which is a peculiar state of

affairs considering that a large number of cottages are being erected there continually. We have every reason to believe that the statement is very much misleading. The schools are a pretty fair indication of growth and yesterday a former school trustee told the writer that when he went on the board in 1897 there were six or seven teachers employed and that now it takes fifteen or sixteen teachers—more than doubled in nine years. Does that not show a surprising increase? And how does Los Gatos like to be thus advertised by its former city attorney who for seven years drew down a salary?

Prof. Janes' speech was the best of the two, yet his arguments were not productive of results. His great contention was that territory was not large enough, a dozen or more families having been left outside the limits in his section whom he thought ought to have been left in. But his forgettery is sadly out of whack, for he forgot to explain how he happened to be one of those who went

Modern Home Plumbing

The sanitary equipment of the home is an all-important matter, as there is no other feature of the house which will afford as much comfort and be so conducive to perfect health as good plumbing.

It is well to keep in mind when building, the fact that yourself and family may be required to occupy the home for a long period without new plumbing being installed, therefore the few extra dollars expended to obtain the best will in reality be **HEALTH ASSURANCE.**

All of our plumbing contracts are executed by the best skilled mechanics, under our personal supervision and no detail, no matter how unimportant it may seem, escapes our attention.

We use the famous "Standard" Porcelain Enameled Plumbing Fixtures, which are the best made. By placing your work with us, you are assured of the best material and workmanship obtainable.

before the Board of Supervisors with his name attached to the remonstrance asking that the present lines be cut at least another eighth of a mile in each direction, as the present size was too large and should not under any circumstances be taken in. He thinks the time premature and that later on we should try again, but he knows if it is defeated now it is dead for five or ten years, which means that every town in the county will have passed us in the race. The same objections would be urged then as now. Then he was opposed to the putting on the market of lots simply for speculation. He forgets that it was not long ago that he had a bunch of lots here in town and that they are all sold now. He believes that everyone should be left free to improve or not improve their surrounding without let or hindrance.

The figures that Robertson used as to expense of keeping up our streets were obtained from Mr. Thomas and let us say that there has been a great deal of "hot air" put in circulation by the roadmaster and a few others as to the great amount of money expended on our streets. We do not for a minute discount the well-kept roads which we in the main enjoy, yet we are liable to be led to believe that we are getting more than we really are entitled to. Why shouldn't we have good roads with a 40 cent tax on the valuations which we are paying taxes on? Thomas claims that we are having spent more than 40 cents on the \$100 valuation. For the work done this year we will grant it, but then this is an election year and a Supervisor to be elected. But year in and year out we need the proof—we are from Missouri. There are those who are willing to take the contract, after incorporation, to keep the roads in as good or better condition for that amount of tax. And while we are discussing the roads it might be well to state that there hasn't been much new gravel spread on the roads in town for some years and some sections have not been gravelled for a decade. To specify: Gilman avenue has not received gravel for 11 years, except what Mr. Gilman hauled at this own expense; Dillon avenue 11 years; Railroad avenue 11 years; Central avenue from depot east, 11 years; Foote avenue, 7 years. This past summer the sprinkling wagon covered the first four streets but four times during the entire season. It was not the driver's fault—he had orders not to do it. When Mr. Jones' baby was very ill and the cloud of dust was filling the house, Mr. Gilman spread the street with sawdust to keep down the dust. These are facts and if that part of town is to get its just dues it will come through incorporation, where the trustees—our neighbors—will see that all parts of town are fairly treated, and the labor given workmen of the town. With a gravel pit at our door what could hinder our trustees from having the very best of roads? Let us vote for them. Likewise electric lights. Just as well have several lights in residence portion. Vote for those also, by voting for incorporation.

Dick Robertson knew he has misleading people when he told about the officers salaries, etc. The trustees would have to be governed by the finances at their disposal, but it is dead certain that they wouldn't pay very much. The clerk would to start on probably not get more than \$10 or \$12 a month; the treasurer is allowed by law one per cent of the money passing through his hands, while the marshal will get compensation enough to allow him to be of tangible service. The Recorder is appointed by trustees and works on fees. The superintendent of streets gets paid generally by the day, for work done. The attorney for a town of this size would probably not be needed much after the plan got under way. And as Dick seems to be pleased to give free advice maybe he will act for nothing on account of those extensive interests of his which ramify this locality, but which we fail to "sabbe."

When you go into the booth tomorrow to vote, remember that the eyes of Santa Clara Valley are looking to see what Campbell will do on the matter of incorporation—whether the town will vote for progression or vote to continue to drift along like a ship without a rudder. Lay aside prejudice and vote for a better and more progressive Campbell. It would be a BURNING SHAME to advertise to the world that we still are willing to cling to silurian methods. Let us move onward in the march.

Will it be any easier to incorporate one or two years hence?

Mr. Robertson, the imported speaker for the anti-incorporationists referred to the gentlemen who coached him for his speech, "as conservative men." If we take the definition of "conservative men" given by D. C. Bell the last speaker on the program at the Washington's Birthday Celebration, we will have a fair idea of the men who are leading the opposition to incorporation. He said: "In the progressive communities of Santa Clara county the men who are called 'conservative' would be better called slow." Mr. Voter, just look them over, and see for yourself; though they may be honest in their convictions are they not a good deal like "poor old Joe, just a little SLOW?"

We cordially invite your careful reading of the first editorial in today's *Mercury* on our celebration. Also the splendid account of that event. On account of the publishing of the "incorporation number" of the *Press* this week we are forced, on account of time, to leave over until next week an adequate writeup of the celebration and other local events.

For twelve years after incorporation Los Gatos took the assessment as made by the county assessor and never raised the valuations, which goes to prove that a board of town trustees are not going to make an unpopular move by raising valuations, especially when they would be affected probably more than anyone else.

Supervisor Roll and his roadmaster agreed to widen and grade the west end of Campbell avenue and grade Kennedy and Railroad avenues as far as the depot. They'll have to move lively if it's done before incorporation.

Query? Why is it that some of the leading members of the Country Woman's Club are against incorporation? We were led to believe that they were progressive women.

Do you want to continue to have electric lights and more of them over the town? Then vote for incorporation.

The voter is hard to please who can't select a tip-top board of trustees from the ten men nominated.

NOTICE OF ELECTION

For the Proposed Incorporation of the Town of Campbell and Electing Officers Therefor.

Notice is hereby given to all the qualified electors of the County of Santa Clara, State of California, residing within the boundaries or limits of the proposed Town of Campbell, hereinafter particularly described, as follows, viz: That pursuant to a resolution and ordinance heretofore made and adopted by the Board of Supervisors of the County of Santa Clara, State of California, notice is hereby given that a special election will be held at Campbell Hall, at the Town of Campbell, County of Santa Clara, State of California, within the boundaries hereinafter described, on

Saturday, February 24th, A. D. 1906,

for the purpose of determining whether the said Town of Campbell shall become incorporated and who shall be the officers thereof:

The name of said proposed corporation shall be known and designated as the "Town of Campbell"; the number of inhabitants, ascertained to reside within said boundaries, is five hundred and ninety-nine. The boundaries particularly described for said corporation are as follows, to-wit:

Beginning on the East line of the Santa Clara and Los Gatos Road, between the lands of E. C. Danforth and J. M. Ekstrand; thence South along the East line of the Santa Clara and Los Gatos Road to the South line of Latimer Avenue; thence West to the South line of Latimer Avenue and the West line of the Santa Clara and Los Gatos Road; thence West along the South line of Latimer Avenue four hundred feet; thence South and parallel to the center line of the Santa Clara and Los Gatos Road to the North line of Budd Avenue; thence East along the North line of said avenue and its prolongation to the East line of the Santa Clara and Los Gatos Road; thence North along the East line of said Santa Clara and Los Gatos Road to the line between the lands of G. W. Page and Mary L. V. Fisher; thence Easterly along said line to the Northeast corner of lands of G. W. Page; thence Southerly along the East line of said lands of said G. W. Page to the one-quarter section line running East and West through the center of Section 35, Twp. 7 S., R. 1 W., M. D. M., and along the Northerly line of the lands of the McGlinchey estate and the lands of E. H. Black and the prolongation to the East side of the San Jose and Los Gatos road; thence North to the North line of Lot Number Four (4) of the Duncan Partition; thence East along said line ten chains, measured from the center of the San Jose and Los Gatos Road, thence North and parallel to the center line of Johnson Avenue to the South line of lands of A. B. Capp; thence West along said line to the Southwest corner of lands of R. S. Gates; thence North along the Westerly line of the lands of said Gates ten (10) chains to a point; thence West and parallel to the center line of Hamilton Avenue to the line between the lands of the aforesaid Danforth and Ekstrand; thence West between said lands to the place of beginning. All in the County of Santa Clara, State of California.

The voters residing within said limits, who cast their ballots at said election, shall have upon the ballots used at said election the words "For Incorporation," or the words "Against Incorporation" or words equivalent thereto, and such ballot shall also have or contain thereon the names of the persons voted for the various municipal offices prescribed by the law for municipal corporations of the sixth class, to-wit: A Board of five Trustees; a Clerk; a Treasurer and a Marshal.

Said election shall be conducted in accordance with the general election laws of the State of California, and no person shall be entitled to vote thereat unless he shall be a qualified elector of the County of Santa Clara, and enrolled upon the Great Register thereof and shall have resided within the limits of said proposed corporation for at least sixty days next preceding such election.

The following named electors, residing within said boundaries have been appointed by said Board of Supervisors to hold and conduct said election, namely:

Inspectors: J. W. Lewis and James Sawyer. Judges: Jas. G. Relfe and A. P. Merrill. Ballot Clerks: R. W. Kennedy and Geo. Johnson.

Tally Clerks: John W. Evans and W. S. Shelly.

The polling place shall be at said Campbell Hall, and the polls shall be open between the hours of six o'clock in the morning of the day of election until five o'clock in the afternoon of the same day, when the polls shall be closed.

By order of the Board of Supervisors of the County of Santa Clara, State of California.

HENRY A. PFISTER,
County Clerk.

By F. A. SCHILLING,
Deputy Clerk.

J. Carhart underwent an operation at the Infirmary a few days since, and while he is 84 years old it is said he stood the ordeal very well.

The rent of a small cottage with electric light, for taking care of driving horse. Will take but few minutes in the morning and at night. Enquire at PRESS office.

C. B. Miracle is home from a three weeks visit to the Puget Sound country, going as far as Vancouver, B. C. He says that in all the territory visited he saw nothing that suited him as well as this place.

The copious rains of the past week have kept the ditches running and the rich sediment water has been used by many orchardists, and it has required a small army of workers to take care of the water. It will be the means of putting a large amount of money in circulation, which will greatly benefit the town.

Dr. Miner has secured the services of Mr. S. H. Rogers, who has held the position of prescription clerk in Morhead's and West's pharmacy at San Jose for the past three years. The store will now be known as the Campbell Drug Store and the doctor wishes to announce that there will be a reduction on former prices of general prescriptions and on such commodities in the store as will allow it.

Startling But True.

People the world over were horrified on learning of the burning of a Chicago theater in which nearly six hundred people lost their lives, yet more than five times this number or 3,000 people died from pneumonia in Chicago during same year, with scarcely a passing notice. Every one of these cases of pneumonia resulted from a cold and could have been prevented by the timely use of Chamberlain's Cough Remedy. A great many who had every reason to fear pneumonia have warded it off by the prompt use of this remedy. The following is an instance of this sort: "Too much cannot be said in favor of Chamberlain's Cough Remedy and especially for colds and influenza. I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia.—W. D. Wilcox, Logan, New York. Sold by P. F. Farrington.

Sunset Limited.

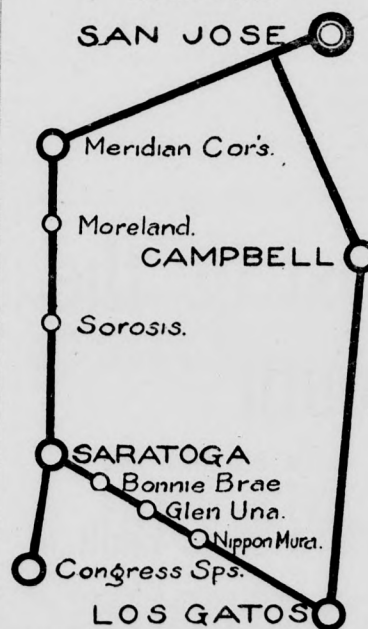

A high class, fast train with gentlemen's cafe, card tables, library, ladies' parlor, observation rotunda, dining car, drawing room cars, and personally conducted tourist excursions via scenic Sunset Route and quaint old New Orleans. All tickets good. See nearest Southern Pacific Agent, C. Berry of Campbell, or write E. Shillingsburg, D. F. & P. A., San Jose, Cal.

Afraid of Strong Medicines.

Many people suffer for years from rheumatic pains, and prefer to do so rather than take the strong medicines usually given for rheumatism, not knowing that quick relief from pain may be had simply by applying Chamberlain's Pain Balm; without taking any medicine internally. Rev. Amos Parker of Magnolia, North Carolina, suffered for eight years with a lame hip, due to severe rheumatic pains. He has been permanently cured by the free application of Chamberlain's Pain Balm. For sale by P. F. Farrington.

A Wedding Anniversary.

Last Sunday was the twentieth wedding anniversary of Mr. and Mrs. S. L. Hayes and some of their friends planned a surprise party for last Saturday evening. Promptly at eight o'clock these friends gathered near the dwelling, and at the proper time all marched in the house, completing a very successful surprise.

The guests made themselves at home and the evening was most delightfully spent in conversation, music and partaking of refreshments. A few gifts were presented by the relatives and friends as a remembrance of the happy occasion, as follows: A chocolate set, salad set, cracker bowl, large fruit dish, two olive or salted almond dishes, two small Japanese creamers.

Those present were Rev. A. H. Needham, Rev. and Miss Lewis, Mr. and Mrs. Blodgett, Mr. and Mrs. Waite, Mr. and Mrs. Weeks, Mr. and Mrs. Thomas, Mr. and Mrs. Arnott, Mr. and Mrs. Gilman, Mr. and Mrs. L. C. Hayes (the father and mother of S. L. Hayes), Mesdames Canine, Lathim, Gard, Castle, Poor, Luther, Hills, Marshman, Clark, Martinie, Misses Marshman, Dawson, Lawrence, Eva and Lottie Hayes, Catherine Martinie; E. C. Hurlbert, Clarence Martinie and Frank Needham.

Dodona Literary Society.

A meeting of Dodona Literary Society of Campbell Union High School was held in honor of Lincoln's and Washington's Birthdays, last Friday, the 16th.

In addition to a special program prepared by the society, a number of G. A. R. men gave interesting talks on patriotic subjects. The program was as follows: Song, "America," school; Piano Solo, Mr. Powers; Reading, Miss Lela Oliver; Song, Girls' Glee Club; Speech—Siege of Atlanta, Rev. J. W. Lewis; Oracle, Easton Carter; Vocal Solo, Miss Cora Rodeck; Glimpses of Lincoln, Dr. C. N. Cooper; Sketch of Both Characters, D. H. Coates; Religious Side of Their Characters, Rev. A. H. Needham; Comparison of Their Characters, Rev. G. E. Atkinson; Debate: "Resolved that Lincoln was Greater than Washington. Affirmative, Alice Abbott, Mildred Duncan; Negative, Geo. Righter, Earl Brown. Critic, Winnie Martinie.

Geo. Dillman, of Alameda, a cousin of Mrs. Luther, visited here yesterday.

A Pleasing Affair.

The Valentine Social given by the Epworth League last Friday evening proved to be a delightful affair. The bean bag throwing through a hanging heart with a bell attached, was a drawing card and Miss Tillie Hayes was easily the champion thrower.

The bow and arrow shooting at an ingeniously arranged and lettered heart tested to a marked degree the ability of the young people in the art of shooting cupid darts. The Valentine rhymes composed, mixed together and read were a feature. Throwing of red-covered wire hearts over a stake also brought to light some experts. Light refreshments added to the pleasure of the occasion. Some music was had. The decorations of hearts and the subduing of the electric lights to a delicate red hue made the room present a pleasing appearance.
